FINANCIAL STATEMENTS-

Balance Sheet, Budget vs Actual Glenmoore & Highspire and Profit & Loss.

Ms. D’Angelo moved to approve the financial statements above for the month of November, as presented. Mr. Seese seconded the motion, and it was unanimously approved.

OPERATORS REPORT

Glenmoore WWTP

Operations:

Fluence mixer was installed in polishing pond. Buoys were added to the power cables.

All mixers are running. Duckweed diminishing, algae diminishing.

Fields looking good, farmer damage is growing in.

Zone 3 shut off at the end of September

Maintenance:

610 Fairview Rd. lawn vents overflowing. Lateral clog. Unclogged lateral line.

Modified original Fluence gearbox brackets for new style gearbox.

Pumped out spray field valve pit, removed old bolts for zone 3 valve, replaced with stainless hardware. Ready for valve swap out.

Work on chlorine injection system. May need redesigned.

Maintenance Request Items

Solar powered DC sump pump for spray field splitter box.

No trespassing signs needed by spray field.

Wet Well Wizard for Influent Pump Station

Ms. D’Angelo wants to look into fencing the spray field to keep trespassers out.

Operator will put up No Trespassing signs around spray field.

Highspire WWTP

Operations:

Switched plant blower to #2 due to blower #1 failure.

Mud well cleaned.

Timers adjusted for EQ and plant blowers.

Floats adjusted for Lakeside unit.

Sand filters cleaned with Hypochlorite.

Maintenance:

Installed new EQ tank blower.

Anoxic mixing pump failed. Replaced with new pump.

Took apart plant blower #1. Blower unit seized. Will need replacement.

Installed blanket on Lakeside unit for winter.

Ms. D'Angelo moved to approve the purchase of a new anoxic mixer for Highspire. Mr. Lewis seconded the motion, and it was unanimously approved.

ENGINEER'S REPORT

E-1 Grinder Pump Replacement-

There have been no grinder pump replacements since July. No grinder pump replacements are planned for the remainder of the year.

Glenmoore WWTP-

Following the October Authority meeting, a site meeting was arranged in mid-October between the Authority (engineer and solicitor) the operator and the engineer for Ashlea Drive. Joe Lewis identified a possible location for the proposed berm which appeared to be a suitable location. A simple site plan and detail for the berm is to be prepared by the engineer for Ashlea.

Sanitary Sewer Expansion-

During the Authority meeting held in March, Entech received a copy of the Act 537 Component 3 Planning Module for the Brandolini Development. Entech provided comments to the Township Engineer in April. Please note that sewer planning is performed at the municipal level. Please note that the planning module anticipates grinder pumps for the development and is assuming the grinder pumps will be owned and maintained by the homeowner. The Agreement between the developers is being finalized. One issue that is remaining is storage for the drip effluent.

Glenmoore WWTP Permit Renewal-

Authorization was provided at the October Authority meeting for Entech to prepare the Permit Renewal for Glenmoore along with the Comprehensive Groundwater Evaluation, which accompanies the permit application submission. Both were submitted prior to the deadline in late October.

Spring Mill-

Lou Schneider prepared a revised plan in mid-October which addressed the remaining comments provided by Entech. Mr. Schneider requested the Authority standards, which were provided, so that his supplier can provide a submittal package for materials to be used which will be reviewed by Entech.

OLD BUSINESS

NEW BUSINESS

ADJOURNMENT

The meeting adjourned 8 P.M. The next meeting will be held on Tuesday, December 8, 2020.

Respectfully submitted,
Terri Patton, Secretary
