

July 19, 2011 – WALLACE TOWNSHIP HISTORICAL COMMISSION WORK SESSION –
DRAFT

Members attended: Isabelle Blank, Bonnie Radford, Beverly Bock, and Archivist, Sandy Brannan.

Members met at 1:00PM at the Township Building to examine the files of the Wallace Township Historical Resources. We have a copy of the Chester County Tax Assessments, received in October 2006, to use as the basis to update our files. Once we update our files, we will need to classify each resource and verify the current status of each property.

We have documented 61 of our property files, and have approximately 30 more. We will use the Tax Assessments to add the historic 50-year and older resources not currently in our files. We continue our work sessions to finish this project.

The session ended at 3:00 PM.

Respectfully submitted,

Beverly L. Bock, Secretary
