

APPROVED

WTHC minutes from October 23, 2006

Attending were: Joyce Avenick, Norm Glass, Beverly Bock, Isabelle Blank, Bonnie Radford, Elaine McGrew, Alyson Manourian, Penny Antrum and Sandy

Joyce Avenick spoke about lot line changes on her property to 5 acres on one lot and 7 acres on the other to sell.

She will be building a new home on the 5 acre lot and we discussed buffering the old home from the new home and Elaine recommended different types of pines and evergreens. Joyce brought blue prints and architectural drawings to show trees to block the historical resource. She will follow up when they apply for a permit.

Supervisors Meeting

- Supervisors agreed to compose a letter of support for our grant request
- Chief Cosi reported on Devereaux and they may use the Croft house as a place for parents to stay.
- the township will have a financial planning committee now
- Tim is going to look into stabilizing the springhouse for winter
- Janet Grasshoff was appointed as the new supervisor

Planning Commission

Popjoy development-nothing historical but they are putting 7 lots back in Wallace township

- The Girl Scout development hopes to submit sketch plan soon and include the road that runs next to the historical resource. They will build on 15 acres and preserve 140 with an easement. They contracted with Weiss for a historical impact study.
- Moore Subdivision has 2 lots across from Thomas property on Fairview Rd. We have to write a letter that adding 2 lots will not impact the Thomas property and waive the historical impact study but they still need waivers from the supervisors.
