2. Approval of prior minutes: deferred

4. Map review and Updates: See Alice Park, below
5. Township Commission updates (Supervisors, Planning Commission, Parks & Rec, etc.): Dorothy and Mary W. attended Planning Committee meeting 9/12.
6. Current Wallace Trails and their projects:
 - a. Alice Park future trail- walked perimeter on 9/30: Dan, Mary M, Mary W. Could not get through high crops and some woods. Walked west to former roadbed that extends to Marshall Rd., then south, but could not go all the way to corner due to overgrowth, east through woods to driveway, north up drive to bldg. Need coordinates of property corners for next walk. Dan to research and find for next walk TBA for after November meeting. Looks like trail is doable with a mowing (so far).
 - b. Connector Trail split post at North end- Dan has replacement ready. Will ask Steve Senn about installing, would appreciate it being picked up by Twp. Dan also has 3 other posts to be used at Burgess/Highspire.
 - c. Highspire- Laura Braun requested help clearing trail. Unable to get volunteers. Asked if Twp.might be able to help with a bushwacker. Need to request with Supervisors.
 - d. Wallace trail map needs a missing t-section and #12 added to note Struble section III. Mary W. will ask Meredith. Needs trail etiquette revisions. Mary W. to make edits. Can send both to Meredith after Committee approval.
Large wall map has a yellow dash section just below Burgess that marks Struble feasibility. Need to be removed in next map update.
(conflicts with township plans for future trail.)
END
7. Community Day walk 9/8 rained out.
8. Trail Maps: New maps handed out Community Day - thanks, Meredith! Minor revisions (Mary W)
9. New Business: Q: Asked about Ghost Walk Trail Walk around Halloween?
Wallace Halloween already busy, do not feel additional program would fit. 10/25 Regional Trail Groups Dinner 10/25? Dan and Mary can't make it, can Dorothy attend?
